Hi Corey,

I sent the files to Sierra Club yesterday and I received confirmation that Sierra Club received the requested modeling files this morning. So turnaround time was less than 48 hours for the modeling files that were part of our designation docket for these facilities.

Subject: SO2 NAAQS Modeling Files

Erik,

In light of EPA's proposal to revisit the SO2 nonattainment designations for Martin Lake, Big Brown, and Monticello, I'd like to request the modeling files that Luminant should have submitted along with its March 2016 modeling report. Is it possible to share those modeling files through an ftp site or otherwise?

Thanks for your consideration.

Josh
